# COUNCIL ACTS ON TRAFFIC ORDINANCE AND OTHER MATTERS

Council last night passed a rigid traffic ordinance on two readings with a unanimous vote of the body. The ordinance conforms to the state law with regard to speed and highway decorum and fixed penalties for any violations. After another reading and approval of the burgess it will become a law and will be enforced on the streets of the borough.

The matter of purchasing a motor truck for the fire department was discussed at length and a representative of the Packard company was present to explain his machine. This issue will be taken up at a later meeting. Reports of committees were heard and acted upon. Chairman Knight of the streets and roads committee submitted a report which was adopted in sections.

The condition of Seneca street was discussed. A. W. Johns, engineer, recommended a dry wall along the stream and filling the street and placing a rail on top of the wall in order to protect the traveling public and get along with as little expense as possible. The cost was estimated at about $600. This course was adopted and the streets and roads committee authorized to draft a resolution covering same for adoption at the next meeting..

Chairman Knight also reported on the injuries of the Petrusky girl who was knocked into the Seneca street ditch by a passing team and injured. In conversation with the father, Mr. Knight said it was understood that nothing could be done until a permanent condition of the injured was learned. At that time Mr. Petrusky agreed to come before the council and explain the case.

The matter of shoveling snow off the steps along the several streets was discussed. The borough has heretofore been keeping all steps free from snow. Last night a rigid resolution was passed urging the burgess to enforce the sidewalk ordinance against all property owners abutting on streets where steps have been constructed, they to keep them free from snow and ice in the future. The borough will hereafter shovel snow only along borough property.

An objection was offered by Councilman Dale to the payment of a bill

## Sheriff Steele Aspires to Commissionership

BEN STEEL
Sheriff )

Ben Steel, high sheriff of Westmoreland county, paid his respects to Monessen today. He was here in an official capacity, but spent some time among his friends discussing the approaching campaign. Mr. Steel is an avowed candidate for county commissioner and is out for votes with all the vigor characteristic of the man. Mr. Steel has made a good record as sheriff. He has conducted the affairs of the office in a manner satisfactory to himself and the people and he comes before the voters again upon his record as a public official. In politics he is one of the county's leading Republicans and will seek the nomination of his party at the 1915 primaries.

# New Automatic Time System for Schools Starts

Today at 1:15 the pendulum in the automatic clocks in the new High school building started to swing and immediately there was uniform time in every room in the building.

The system has just been installed by the Standard Electric Time Clock company of Springfield, Mass., through its county representative, Mr. H. B. Potthoff of Latrobe, and it is the first thing of its kind in this valley. Mr Potthoff succeeded in establishing a similar system in the new Latrobe High school a year ago. F. J. Reilly of New York and B. H. Potthoff, a son of the agent, are here starting the system and will remain until it is in perfect working order. The electrical appliances that operate the mechanism are located in the basement of the building and in a room on the first floor is located the master clock that forms the attachments for twenty five other clocks distributed through the building. The equipment is the latest thing of its kind on the market and will no doubt be entirely satisfactory, avoiding any confusion as to uniform time.

# MONESSEN CASES HEARD IN GREENSBURG

Bertha Hill of Monessen in court at Greensburg, was found guilty of fornication but not guilty of keeping a bawdy house before Judge Doty, Tuesday. Phillip Roller, a member of the state police, was the proscutor.

Another officer of the law who fared badly this week in court at Greensburg was Charles A. Livingston, a police officer in the borough of Irwin who was convicted on two counts of assault and battery and aggravated assault and battery on charges preferred by Fred Peterson. Livingston, the prosecution alleged, used his mace indiscriminately. The prosecutor said that Livingston arrested him in Irwin without apparent reason and when he resisted arrest, was badly beaten by the police officer. He offerd as evidence a blood stained shirt that he was wearing the evening of he trouble. Several witnesses testified that Livingston used his mace on Peterson until he was covered with blood. The jury thought that the police officer at Irwin was too free with his club and turned in a verdict of guilty in both charges

Clarence Carney, a youth of 18 years, was tried in Judge Doty's court for stealing a pair of trousers. M. Ragowitz, a merchant of Monessen, was the prosecutor in the case. He said Carney took the pair of trousers in dispute They were well worn and did not look worth the price of a law suit The defendant claims that he purchased the trousers in a store in West Virginia six months ago.

## Monessen People Are Interested in Gold Find

Ross E. Milliard of New York, interested in the Penn. Smelting Co., of Philadelphia, has leased over 1,000 acres of the William Dreese farm, extending from Beaver to Beaver Springs, the intention of Mr. Williard and his company being to prospect for gold on this land which is situated in Middlebury county, the smallest county in the state of Pennsylvania. Considerable excitement was occasioned three weeks ago when what is said to have been gold deposits on this property was found, and so confident are the prospectors that a thorough test is to be soon made.

Mr. Dreese, the owner of the property, is the father of Mrs. Herbert Shambaugh and Mr. Frank Dreese, both well known citizens of Monessen, who are decidedly interested in the outcome of the project.

## A Pleasing Dance

The annual winter dance of Monessen and Charleroi lodges, Knights of Columbus was held last night in Might's auditorium, Charleroi, being largely attended. The hall was prettily decorated and every arrangement had been made looking toward an enjoyable evening for all. The hall was crowded, there being more than 75 persons there from Monessen. Charleroi turned out a large crowd and a goodly number were there from Donora, Monongahela, Belle Vernon and other towns. Excellent music was furnished by the Wheeler orchestra. A star feature of the evening was the old time square dance which was heartily enjoyed by all who took part. This affair is always looked forward to as a pleasing feature but last night's number far excelled anything of the past.

EUCHRE AND DANCE

The Pythian social club will hold a progressive euchre and dance at the K. of P. hall, over the Olympic thearte, Friday evening, Feb. 5, 1915.

The euchre will start promptly at 8 p. m., and dancing will be indulged in from 10 to 12. Refreshments will be served. All Knight and Ladies are requested to come. Admisison 25c. 99-2t

Cotton bandages and surgical dressings. See Kirk's window.

# LUTHER LEAGUE CONVENTION HERE FRIDAY

The Four Cities Luther League convention of the Monongahela valley is to be held Friday evening in St. Paul's English Lutheran church, Monessen, at eight o'clock. It will be a deeply interesting meeting. Four pastors, two hundred or more visitors will be there from Monessen, Monongahela, Donora and Charleroi. There will be a splendid program and good music. The program follows:

Anthem by choir.
Vesper services by Rev. M. M. Allbeck of Monongahela.
Hymn No 532 C. B.
Violin Solo by Wm. Myers, Monessen.
Appointment of Committees
Song by Monessen Juniors.
"The Needs of our League" by the presidents of the Charleroi, Donora, Monongahela and Monessen Leagues.
General Discussion.
Business Session.
Bendiction by Rev. C. P. Bastian, Charleroi.
Social Hour.

The officers are. President, J. B. Smith, Monessen; Secitary, Miss Fay Wagoner, Monongahela; Treasurer, Miss Susan Kossuth, Donora.

## WOMAN SUFFRAGE BILL MOVES ALONG

Harrisburg, Pa, Feb. 4—The Woman Suffrage amendment to the constitution has been passed on first reading by the House of Representatives. It went through second reading yesterday and the final reading will be on next Monday night. The suffrage amendment is the first Republican pledge to reach the legislators.

If the resolution gets through this Legislature it will be submitted to the voters at the November election. As the Republican party is pledged to refer the subject to the electors, the measure is not expected to have any serious opposition in the senate.

"Zoe, a Woman's Last Card" in addition to our regular six reel program, where a woman, unfortunately falls in love with her husband's best friend. At the Olympic today. 1t

## Controller's Report Comes to Monessen

JOHN S. SELL
Controller

County Controller John S. Sell has submitted to this paper for publication his annual report of the affairs of Westmoreland county for the year closing January 1st, 1915, It will be found elsewhere in this issue. In so doing Mr. Sell recognizes the importance of Monessen as one of the leading towns of the county and of this paper as a medium to reach the leading people of this section.

The report is the most voluminous and comprehensive ever issued from the controller's office and it should be read carefully by every tax payer who has an opportunity. Mr. Sell has been careful in the administration of the affairs of his office and while he had many issues to contend with out of the ordinary, he has made it a point to always be on the safe side. He is the first controller to distribute the publication of a complete report outside of Greensburg. In this way taxpayers all over the county are given an opportunity to acquaint themselves with the situation as it effects his office and every other office in the county. The attitude of Controller Sell will therefore be generally appreciated.

# DIFFERENT COUNTRIES REPRESENTED IN OUR LOCAL SCHOOLS

The move made Monday morning into Monessen's new High school building proved very satisfactory, the books and apparatus having all been transferred Friday and Saturday from the Jefferson building.

The High school is very comfortably located on the second floor of this handsome new building and the arrangement of the rooms seems to be pleasing to the faculty and students alike and the quarters are very comfortable, the heating system working admirably.

The nine rooms and chapel now in use take quite a large number from the older buildings and very greatly relieves the congested condition which has existed during the first half of the term.

Early in the week all promotions for the second term were made, and all changes made, and the school work of Monessen is moving along smoothly and in a most gratifying manner to directors teachers,, patrons and pupils.

Prof. H. E. Gress has made a very interesting list of the pupils and their nationalities, as shown by the report of enrolling officers for July and August of 1914, as follows:

| | |
|---|---|
| American | 946 |
| Italian | 470 |
| Finnish | 176 |
| Slavish | 398 |
| Swedish | 85 |
| Russian | 158 |
| Hebrew | 74 |
| Polish | 132 |
| Negro | 71 |
| German | 70 |
| French | 51 |
| Litvish | 17 |
| Hungarian | 33 |
| Greek | 6 |
| Croation | 58 |
| Belgian | 1 |
| Welsh | 1 |

It is stated that the foreign students in our public schools represent 70½ per cent. of the parentage of Monessen's population.

The foreign representation in our schools are distributed as follows.

Nearly all of the French are in the [illegible]

Swedish in the Second and Third.

Italian and Slavish. pretty evenly distributed over the three wards.

Polish, First ward and Croations, Third ward.

Dr. Tyson of the University of Pittsburgh at 4 o'clock this afternoon will deliver his seventh lecture in his "University Extension Course."

This course embraces ten lectures and is being given for the benefit of the teachers of the local schools.

It is encouraging to know that Monessen's schools are in the very best shape and everything is moving along with the smoothness and precision of clockwork. The first half of the term has been very successful and every indication points to the most successful school year in the town's history.

# SALVATION ARMY DOING FINE WORK

The Salvation army hall, corner of Schoonmaker avenue and Seventh street was crowded to its full capacity last night, the occasion being a visit from Brigadier Albright and Staff Captain Blackburn of the Pittsburgh headquarters.

The meeting was one of extreme interest as both of these persons are talkers of force and power and specially was Brigadied Albright's address or sermon deeply interesting and highly appreciated.

This was Brigadier Albright's quarterly visit to Monessen to inspect the books and records of Capt. Ives and we are informed that she found everything in exceptionally good shape, the local work being reported free from all debt. The Brigadier expressed herself very well pleased with the work accomplished in Monessen.

Capt. Ives and his aids have been conducting revival meetings during the past three weeks and the meetings will run until February 15th.

During the three weeks there has been 29 conversions, a good portion of which is expected to join the Army ranks on Sunday, Feb. 14th, when new members will be received. This is about the best record made this winter by any branch of the army in this locality.

Meetings have been started in the Fairhope Miners' hall, services being held Sunday mornings and Tuesday evenings. On Monday, Jan. 25, Capt. Ives talked to a congregation of 150 people, when eight persons were forward seeking salvation.

The people about Fairhope are deepyl interested and plod miles through snow, rain and mud to be present at the meetings.

Capt. Ives reports the greatest spiritual awakening among his people and those who attend his services that has been since the work was started in Monessen.

Braves—High team score, 689. High individual, Bertleman 442. High single game, Moore 160.

Giants—High team score—642. High individual, Lauze, 436. High single, 165.

A sensational spurt put up by the Pirates Bowling team during the last month has pulled them out of last place and they are to be reckoned with during the balance of the torunament. Harry Lebowitz, the genial manager of the Olympic billiard parlor, put up the phenominal score of 180 with a total or 431 for three games.

There was a large crowd present and rooting for the tail enders to pull out of last place, and the room rang with applause when they trimmed the Braves three straight games.

# AN ABSOLUTELY TRUE STORY

## Of How E. L. Marshall of Shreveport, La., Was Cured of a Stomach Trouble That Kept Him Out of Work for Months.

Shreveport, La.—"I had a bad stomach trouble for years and became so weak I could hardly walk or do any work. My appetite was very poor, then my food would not digest, I bloated and was very weak and nervous, and it seemed impossible to get any relief. I was so bad I could not work for months at a time. I tried too many remedies to name, but without help. I saw Vinol advertised and tried it, and soon noticed an improvement. I continued its use and now my stomach trouble is completely cured. I am a well man enjoying perfect health and have gained in weight."—E. L. MARSHALL, Shreveport, La.

The recovery of Mr. Marshall was due to the combined action of the medicinal tissue building elements of the extract of cod's livers, aided by the blood making and strength creating properties of tonic iron, contained in Vinol, which seldom fails to strengthen and tone up the tired, over-taxed and weakened nerves of the stomach and remove the trouble.

# CHICKEN SHOW

Almost 1,000 birds are on display at the Armory in Jackson street, Monongahela, in the biggest poultry show ever held at that place. The chicken show under the auspices of the Monongahela Poultry Fanciers club, began Monday morning and will continue through this week.

This show under the supervision of E. M. C. McPeal, of Canonsburg, already takes its place as the best ever held in this section of the valley and is daily being visited by many Monessen poultry lovers. The attendance has been large during the first three days and bids fair to clipse all previous records.

Judge of the show, George Webb of Rochester, New York, began his duties yesterday and succeded in putting his official tab on about one-third of the entries. The judging was continued yesterday and today. Friday will be children's day and special plans are being made for that time.

The fowls on display come from all parts of western Pennsylvania and Eastern Ohio. Included in the number are some of the most beautiful birds ever seen in Monongahela. One of the entries which is causing considerable comment and admiration is a large delicately tinted bird called the Pink Orpington owned by John Eckbreth. Mr. Eckbreth procured the eggs in New York. The original Pink Orpington in America came from Australia. There are but few of this species in existence.

All the eggs which these high grade fowls see fit to donate during the week of the show will be given to the Memorial hospital.

# Charleroi Must Get Busy

Charleroi must get busy on the sewage disposal question as the officials of that town have been instructed by Dr. Samuel G. Dixon, state commissioner of health to file detailed plans for its proposed sewage disposal plant as well as plans for an intercepting sewer. The following communication was read to council Tuesday night.

Secretary of Borough Council,
Charleroi, Pa.

Dear Sir—A permit relative to sewage, issued to the borough of Charleroi on January 30, 1913, upon unanimous agreement of the governor, attorney general and commissioner of health, required that on or before November 1, 1914, you should submit for approval plans for the collection and treatment of the sewage of the borough and detail plans and a profile of the intercepting sewers along McKean avenue. These plans have not yet been received by the state authorities.

Recently this department has received complaints regarding the lack of sewerage facilities along Crest avenue. A report enclosing a map of the district was prepared and forwarded by your borough engineer.

This department is of the opinion that if the plans for this intercepting sewer be properly worked up, you will find a way whereby the drainage from Crest avenue could be received into the intercepting sewer.

You will not delay in preparing the plans required in this permit, which was accepted by your borough and made a matter of record. Kindly let me know what progress you have made in this matter, giving me a definite statement of your plans in the near future.

Yours very truly,
Samuel G. Dixon.

Council will reply as well as possible to the request in due time.

# SMOKING IN CHURCH

Temple Manning in an interesting little story tells where it is a practice for men folks to smoke in church as follows:

In recent years there have been movements all over the world to induce communicants of all religious to attend church more faithfully, but odd as many of our methods are in this country the oddest I know is one I saw in actual practice in Lima, Peru. In the church of La Merced the congregation is permitted to smoke if it wishes.

As I entered the cool interior of La Merced out of the blinding glare of noon one summer's day, I noticed one of the congregation quietly smoking a cigar. Then, my eyes becoming accustomed to the dim light, I looked about me and saw the old fellow was not alone in his enjoyment. Here and there throughout the church others were smoking. I confess that I was amazed, precisely as every one is nonplussed when he comes face to face with anything that upsets his preconceived notions of what is right and proper.

Passing down through the church my companion and I took seats on a side aisle. After a while I glanced down the aisle and saw that the door into the sacristy was open. Through that door I caught a view of the bishop, who was about to preach, indulging in a before-sermon cigar. He was attired in full episcopal robes and had tucked a handkerchief under his chin to keep them from being soiled by ashes.

After service my friend and I strolled about the church and discovered that smoking in the cathedral is so clearly recognized that a spittoon is placed in each of the stalls set apart for the chapter. Indeed, were generalizations not invariably wrong, I feel that it is quite consistent with the facts to state that smoking is common in the present day in most South American churches.

# WILL PROBATED

The will of Myrtle Emerson, late of Monessen, was filed and probated in the office of the register of wills at Greensburg, Tuesday. An estate valued at $1,050 is distributed by the instrument. It directs that her share in the Martha Emerson estate shall be paid to John W. Emerson, who is the executor. The stock in the Cosmopolitan Coal and Coke company is left to Alfred Emerson for life, and at his death it is to be sold and the proceeds used to erect a monument over the grave of Martha Emerson. Helen E. Ruse and Ralph Waldo Emerson were bequeathed stock in the West Penn Gold Mining company. Helen E. Ruse is bequeathed certain jewelry and Maude E. Ruse the household goods

## HOW FRENCH PEOPLE CURE STOMACH TROUBLE

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down-town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Remedy and can now be had at all leading drug stores. It is sold with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

## JUSTICE TEMPERS WANT

It looks as if a genuine Missourian is as ready to show as he is to be shown. At any rate a Federal judge of that state bears out that theory. While sitting in a United States court in St. Louis, Judge Dyer was summoned to pass upon a defendant who was accused of stealing slices of bacon. The alleged thief was a young fellow who had a wife and aged parents to support. When brought before the bar of justice (not a misnomer in that instance) the culprit pleaded guilty and then broke into tears, telling a direful story of want on the part of his newly-wedded wife and his father and his mother. Judge Dyer closely questioned the prosecuting officer and elicited the response that the prisoner had never been in trouble before.

Then the ermine wearer said: "I don't believe that a boy who takes something at a time when it is necessary to keep the bodies and souls of his father and mother together is a criminal at heart. I won't send him to jail. If he had stolen a railroad the chances are they would have sent him to congress." A reviewer praising the action of the judge characterized it as an act of mercy. But that blurs the point. It was rather a wise and righteous performance. In the nature of things the law does not contemplate classifying the mere abstraction of property as stealing. It may be wrong for a person to appropriate what does not belong to him even for the purpose of appeasing hunger, which is a divine ordainment, but it is not really and truly criminal, for which the penal code was established.

What the Missouri judge did was to show the world the fundamental distinction between snatching things under the stress of natural prompting and stealing them through a depraved habit. If that discrimination was to find a lodgment in the minds of the dispensers of justice, the class of criminals and the number of jails would be greatly diminished.

There are liars, infernal liars and gossips, and either one or all three can do a deuce of a lot of harm most any time they open their mouths

**IF YOU ARE CONSTIPATED—**

If you are bilious—

If you do not digest the food, you

If you have belching and a sour taste—

If you have pimples and blotches—

If you have headache and indigestion—

If you have a bad taste in the morning—

Your liver is out of order—it is inactive and the kidneys are probably clogged. To relieve and cure this condition you must take Lax-Uric—a famous preparation in powdered form. A specific for constipation and biliousness. Twenty-five and fifty cents at Craig's Drug store.

## Girl Commits Suicide

Despondent because she had not risen higher than a domestic, Miss Harriet Curstead, aged 20, employed in the home of Mrs. Emma Bierer, at Uniontown, committed suicide yesterday by hanging herself to a rafter in the basement of the Bierer home. The family went away in the morning leaving Miss Curstead doing the weekly wash. When they returned at noon they saw that the washing had not been finished and found Miss Curstead in the basement. She had been dead several hours.

## Suffragists Organized

Miss Ladson Hall of Philadelphia, the organizer who accomplished splendid results during the past month in Westmoreland county, and who recently visited Monessen, being the guest of Mrs. J. C. F. Motz, has gone to Lancaster county, where she will continue suffrage organization. Westmoreland county, speaking from a suffrage standpoint, is in splendid condition. New suffrage organizations are growing and members are working busily, securing yellow slip signers.

A little daughter of a prominent Greensburg suffragist, was assigned to the negative side of a suffrage debate last Friday in the literary society in one of the Greensburg schools The little girl who is as ardent a suffragist as her mother, told her teacher she wouldn't take the negative side of the suffrage debate. Her teacher offered to help her find "anti suffrage points" but the determined youngster replied "There aren't any." Needless to say the little girl did not debate on the side of which she did not approve conscientiously.
